Most women spend much of their time taking care of everyone else, and we rarely have time to think about planning a little time out for ourselves. This is where we can help. Whether you're a city or country girl, a mum, single, married or in the younger, middle or the wisest age bracket, you will love it, we promise.....

We wanted to create an escape for just girls where you can totally unwind. A time and space for you to enjoy lots of laughs, be pampered, enjoy a wide variety of delicious food, sample our award winning wines, and maybe even stay in one of our luxurious vineyard or winemakers cottages in our stunning vineyard setting just 45km from the Brisbane CBD.
