

Hooked on Leadership

Hooked on Leadership is two-day corporate-to-country style leadership program created by Bec Livesey and Angela Koning, which helps leaders to create cohesive teams and navigate any challenge with certainty.

In the stunning location of Brisbane's Ocean View Estates, using classroom and equine-facilitated experiential learning, you will discover your default leadership behaviours and get immediate, unfiltered feedback from our horsey facilitators to help you refine your leadership style on the spot.

This event is a MUST for you, if:

- You want to develop confidence and flexibility in your leadership style
- You want to work on how you show up to your people to get better team results
- You've been asked to step up with your leadership but don't know what that means or how to do it

Our next program is 15th & 16th November 2017. Check out www.hookedonleadership.com.au or our Facebook page <https://www.facebook.com/hookedonleadership/> for regular updates.

And contact Bec on 0404 361927 or bec@achieveleadssucceed.com for more information.
